Thanks for asking. It looks like they've asked about two issues here.

There are about two dozen emails, several of them internal discussing editing of various letters to the tribe and others, the rest to the tribes themselves. Without opening every single one and reviewing in detail, I can't tell if there's any red flags here, but at a brief glance, it all seems pretty benign.

Region 6 is ready to release records to PEER. The requested material concerns the management of the Fish and Wildlife Service in relation to relationships and communications with the CSKT. The CSKT has been actively involved with the Fish and Wildlife Service, in particular concerning annual funding agreements for the National Bison Range Complex and a possible transfer of the National Bison Range to the Tribe.

I have attached a copy of the request, our final draft response letter, and a representative sample of the records to be released.

Thank you,
